

## Program June 2007

-- Shell Weinberg

### *LWVMC Meeting, June 14, Clubhouse 1*

This month we have the good fortune to once again present a knowledgeable speaker from the Apple Store in Mission Viejo. He will speak to us about Apple's newest sensation... the **iPhone**.

Our speaker is **Chris Serafini**, and he is the Assistant Manager at the M.V. store. He has been with Apple for about 3 1/2 years. In January 2007, he was one of 80 Apple employees from around the world chosen to work at *MacWorld* in San Francisco. During the event, he discussed **iPods**, **iTunes**, and the upcoming **iPhone**. He is also a 4-time Apple Product Professional with extensive knowledge of the Apple Product line.

The **iPhone** is scheduled to be released in June, and we are told it combines three amazing products -- a revolutionary mobile phone, a widescreen iPod with touch controls, and a breakthrough Internet communications feature with desktop-class email, web browsing, maps, and searching capabilities -- all in one small and lightweight handheld device.

Following are some of the topics Chris will be talking about in his Presentation:

Full Screen iPod & Video Playback Capabilities  
Making & Receiving Calls on the iPhone  
Visual Voicemail  
SMS (Text Messaging)  
Viewing Photos, Google Maps  
Surfing the net with Safari  
Sending & Receiving email

*After the Meeting we will have a random drawing for three \$25 Apple Gift Certificates. Certificates can be used at any Apple Store.*

### **SCHEDULED 2007 PROGRAMS**

July • NO MEETING  
August • NO MEETING

## Word Search
